

Job Description: Equipment Technician

Company Overview:

GAS is a rental equipment company & studio complex working with the top end of the fashion stills photography market. We pride ourselves on the quality and professionalism of our service. We're a young, vibrant company, constantly developing and striving to be the best at what we provide.

Job Overview:

Join GAS as a Equipment Technician and become a pivotal part of our vibrant, London-based team. In this role, you will take charge of a wide array of photographic lighting systems, grip and power equipment, and essential production gear. Your expertise will ensure every piece of equipment operates flawlessly, maintaining our reputation for excellence in the high-end fashion photography industry.

Reports to: Warehouse Manager, General Manager and Directors

Key Responsibilities:

- Maintain, test, and ensure the optimal functionality of various photographic lighting systems, grip equipment, cabling, power distribution units, generators, and production necessities like fridges and furniture. Perform repairs ranging from flash tube replacements to more complex technical issues.
- Champion a safe and efficient working environment, fully aligned with health and safety protocols.
- Oversee compliance with documented procedures, providing technical guidance to team members.
- Conduct regular maintenance checks and services on equipment to ensure optimal performance. This includes firmware updates, part replacements, and general product cleaning.
- Lead the overhaul of the maintenance department, driving process improvements and inventory management.
- Perform Portable Appliance Testing (PAT) to ensure full electrical safety of the equipment, adhering to industry standards and regulations.
- Collaborate with external suppliers and contractors to procure parts and services.
- Detail-oriented cleaning, maintenance, and retouching of equipment.
- Develop and maintain cost control systems, delivering budget-conscious solutions.
- Keep track of parts and supplies inventory, ensuring all necessary components are available for repairs and services.

Desired Skills and Experience:

- Proven experience in lighting technician roles, with a focus on photographic equipment.
- Electrical competence, with certifications such as PAT testing, is highly regarded.
- Exceptional technical understanding with a willingness to undertake additional training and certification.
- Strong leadership capabilities, coupled with excellent communication skills.
- Aptitude for diagnosing complex issues and finding practical solutions.
- A proactive, reform-minded individual ready to improve departmental processes.
- Proficient in inventory management and familiar with asset management software, ideally Inspire.

Where:

- Gas is based in Tottenham, North East London.

How to Apply:

- Please submit your CV along with a brief cover letter to jobs@gashire.co.uk. Only successful candidates will be contacted.

How to Apply

Please send your CV and cover letter to jobs@gasph.com; only successful applicants will be contacted for an interview. We look forward to hearing from you!
